

Izvještaj sa webinaru -BALcanOSH mreža - razmjena iskustava sa kolegama iz BiH

08.12.2020.

BiH je konačno dobila Zakon o zaštiti na radu, pa je shodno tome, u organizaciji CETEOR-a i Udruženja za unapređenje zaštite na radu BiH, danas održan webinar, na kojem su kolege iz regiona podijelile dragocjena iskustva iz ove oblasti. Udruženje zaštite na radu Crne Gore je predstavljala koordinatorka projekta Dina Janković koja je govorila o iskustvima iz oblasti ZZNR u Crnoj Gori, implementaciji Zakona o ZZNR i projektnim aktivnostima. Pokazalo se još jednom, koliko je značajna saradnja kolega iz regiona i postojanje BALcanOSH mreže, što u velikoj mjeri doprinosi razmjeni iskustava i primjeni dobre prakse kolega iz susjedstva. Uvijek je dobro učiti se na dobrim i lošim primjerima drugih. Jovana Bošković iz Ministarstva rada i socijalnog staranja je govorila zakonskoj regulativi u Crnoj Gori, ali i o nedostacima i izazovima u ovoj oblasti kao što je nepostojanje Nacionalnog savjeta za ZZNR i Instituta za medicinu rada.

Report from the webinar with the colleagues from the BALcanOSH network and exchange of experiences with colleagues from BiH

08.12.2020.

BiH finally received the Law on Occupational Safety, and accordingly, organized by CETEOR and the Association for the Improvement of Occupational Safety in BiH, a webinar was held today, where colleagues from the region shared valuable experiences in this area. SWAM was represented by the Project Coordinator Djina Jankovic, who spoke about the experiences in the field of OSH in Montenegro, the implementation of OSH laws and project activities. It was reiterated once again how important the cooperation of colleagues from the region and the existence of the BALcanOSH network is. This greatly helps in the exchange of experiences and the application of good practice by colleagues from the neighboring countries. It is always good to learn from the good and bad examples of others. Since Jovana Boskovic and the Ministry of Labor and Social Welfare were also present - she and Djina also spoke about shortcomings such as the non-existence of the National Council for OSH and the Institute of Occupational Medicine.
